Inspire Challenge Succeed

10th October 2012

Dear Parents,

Introduction of a new 'house' system

As part of our focus on promoting our whole school positive values, which underpin our school ethos we would like to implement a 'house' system throughout the school. This system will promote good behaviour, positive attitudes and a sense of belonging.

It is proposed that:

- The children will be allocated a 'house' which they will remain in throughout their time at All Saints'
- Children who display good behaviour and a positive attitude to school life will earn points for their house
- As this is a positive behaviour system the children will not ever lose a point, the focus is on children gaining points and feeling proud of their achievement
- In addition, every child will earn a point for every day that they attend school

How it will work:

- All class based staff will award points
- Points will be counted fortnightly and the winning team will claim the house cup in assembly
- Each half term the team with the most points will gain a small reward ie an extended playtime or a 'fun' activity
- At the end of the year the overall winning team will win a special day out as house group

Each fortnight assemblies will be held in which particular positive values are discussed and the children will be encouraged to consider ways in which they can demonstrate these within school.

We will discuss this proposed new system further at the Parent Forum on 25th October and welcome your thoughts and questions at this session.

Kindest Regards,

Clare Lamb
