BUILDING PROJECT UPDATE

During half term a trench was dug in the school playground by Suffolk County Council Archaeology Department in order to see if there were remains from previous buildings or perhaps some interesting Roman remains! I am delighted to say that the results were clear with nothing of note being discovered! This means that the building project will start in the Easter break as planned.

We do hope in time to have a tab on our website to keep you updated of each step of the project but in the meantime these photographs will let you see what happened during half term. I am sure the children are sorry that they missed the excitement and diggers but will enjoy looking at these pictures with you!
