Inspire Challenge Succeed

17th April 2015

Dear Parents,

BUILDING PROJECT

The building project started at the beginning of the Easter break and for those who have been into school this week you can see that things are progressing well. The floor is being laid today and then the walls will start to take shape next week.

I would like to thank you for working with the school to ensure you access the school at the designated times as this has helped with the smooth running of the project.

As things have been happening I have placed photographs on the school website under the newsletter section. We also have a time lapse camera in place from which photos will be placed on the website each week.

Children in Horse Chestnut are creating a time capsule, which will be stored in the loft of the new classroom with details of our school at present along with information about what life is like in 2015.

CYCLING INITIATIVE

Many of you will have seen the Try Out cycling event on Tuesday in the playground. This is part of a Key Stage Two initiative which will be running for the summer term and the next academic year. We are one of six schools who have been selected to participate in this programme which will promote safe cycling for our children. Mrs Kemp has sent separate letters to children in Key Stage Two regarding future events.

If you would like to see pictures of the event on Tuesday, please visit the newsletter pages for Lime and Horse Chestnut classes.

SCHOOL AMBASSADORS

As our school grows into a full primary school we will be looking at ways in which to develop greater leadership and responsibility for our older pupils.

As part of this and to tie in with the general election, we have asked our Year 4 children to apply for the post of School Ambassador for September. Each child who puts themselves forward will be asked to talk to the whole school to say why they would make a good ambassador and what things they would like to see happen within the school. The children in each class will then be asked to vote for their favourite candidate and one boy and one girl will be elected to the post.

The election will take place on May 7th and final results will be shared on May 8th. We feel that this will also enable our pupils to understand how an election works.

WEBSITE

The school website calendar page has been updated with all dates for the Summer Term, including Sports day, Open Books, transfer day and enrichment days. I will compile a full list of dates and Parentmail them next week so that you have a paper version too.

FOOTWEAR

Please could we request that children do not wear flip flop or slip on style sandals during the warmer weather. We have had some accidents in the past where children have been trodden on, stubbed their toes or hurt their ankles when running about as this type of footwear is not conducive with running around outside at playtimes. In addition, as a result of the building project we have grit and dust on the playground and we do not feel that such footwear is suitable.

WARMER WEATHER

We have been so lucky this week to have some warm weather and hopefully it will continue. Just a reminder that your child needs a named water bottle as we no longer have a water fountain in school and that sun cream should be applied in the morning before your child comes to school.

I hope that you have a good weekend,
Kind Regards,

Clare Lamb
Headteacher
