PSHE – Thursday 25th June

Responsibility.

Today we are going to look at the word responsibility. Being **responsible** means you do the things you are expected to do and accept the consequences (results) of your actions. In the classroom, you all take responsibility for your own behaviour, choosing to listen and do your work. You also have a responsibility to do your work.

Adults have lots of different responsibilities (Things they are expected to do). Talk to an adult at home and create a list of these responsibilities.

As you all get older, you will need to take on more responsibilities. What responsibilities could to take on to help your family and school? Are there responsibilities you don't think you are ready for yet?

Responsibilities I can do.	Responsibilities I am not ready for yet.

Pick one new responsibility and create a contract for you and your parents to sign to confirm you taking on this role. Eg. Making your bed in the morning.
