*Inspire Challenge Succeed*

27<sup>th</sup> May 2021

Dear Parents,

This has been another busy half term at All Saints'! It has been wonderful to see the children participate in some of the activities that we had previously paused due to Covid.

Our school garden has had a good tidy up and the children have been busy planting seeds and tending the young plants – the rainy weather has certainly helped them along!

The Forest School sessions have continued rain or shine and the children have loved being busy in the outdoors, showing great cooperation and curiosity.

Our children have participated in enrichment days as part of the curriculum to look at life in a Victorian school and what it was like to be an Egyptian. Within RE children have found out about the Hindu festival of Divali and our whole school Pentecost enrichment day enabled the children to find out more about this Christian festival.

Our sports coaches have led a variety of sporting clubs and activities within the school curriculum and at lunchtime and after school clubs.

We have spent time looking at children's work this term, observing lessons and talking to children about their learning. We have been so impressed by the enthusiasm and maturity with which the children talk about their learning and what they have enjoyed within the curriculum. This is testament to the high-quality teaching at All Saints' and the range and quality of learning opportunities and activities that our teachers have created for our pupils.

Don't forget to take a look at the class pages on the school website to see what each class have been up to this half term. [www.allsaintsprimary.org](http://www.allsaintsprimary.org)

## MENTAL HEALTH RESOURCES

New resources have been released to help children and adults learn about the important connection between movement and mental health. Presented in the form of a 20-minute e-learning course, they have been designed by experts from Suffolk Mind to give a better insight into the benefits of movement on mental health and how, by moving more, it can help us all enhance our wellbeing. For more information follow this link:

## **LOVE TO RIDE BIKE MONTH**

With the forecast of warmer and drier weather ahead, I thought this would be a great initiative for families to take part in.

### **WHAT IS BIKE MONTH?**

Bike Month takes place throughout June and is a celebration of biking. It is a chance to ride your bike and encourage and support you and your friends, family and community to get out and ride too. By logging your rides on the Love to Ride website, you get all the benefits that cycling can bring, soak up some of that summer sun and go into the draw for prizes!

### **HOW DOES IT WORK?**

Register for Bike Month and start receiving our campaign emails. They'll be full of tips to help you ride further or more often and dates for your diary!

### **WHY TAKE PART?**

- Fun
- Easy
- A great way to stay connected
- You could win some great prizes!

### **HOW TO TAKE PART**

Follow these four steps:

1. Register on Love to Ride, it's simple and easy.
2. Ride a bike anywhere, anytime for at least 10 minutes during Bike Month (June 1-30)
3. Record your ride on this site and tell your friends and family about Bike Month.

It's that simple. You'll automatically get entered into the prize draws when you log your rides.

I hope that you all have a wonderful half term break and enjoy the warmer weather. School is closed on Friday 28<sup>th</sup> May for our PD Day and will reopen again on Monday 7<sup>th</sup> June.

Best wishes,  
Clare Lamb
