*Inspire Challenge Succeed*

29<sup>th</sup> April 2021

Dear Parents,

This has been another busy and exciting week at All Saints'. Our Year 5 pupils have been improving their cycling skills and road safety by participating in Bikeability training. They have shown great motivation and stickability. Children in Acorn Class enjoyed their first Forest School session of the year, which caused great excitement!

## **The Big Ask**

The newly appointed Children's Commissioner for England has launched a children's survey. Her role is to stand up for children's rights, and make sure that the people in power listen to what children need and want.

This is the largest ever survey of children and young people in England. The outcomes of this survey will be used to show the government what children think, and what children need to live happier lives after the pandemic.

The survey takes no longer than 5 - 10 minutes and gives all children a real opportunity to have their say and express their views and feelings. The survey is split into different age groups and is easy to complete.

To help your child to take part in this survey and find out more about it, please follow this link:

<https://www.childrenscommissioner.gov.uk/thebigask/>

## **Captain Tom 100**

The family of the late Captain Sir Tom Moore is inviting the world to take inspiration from his famous 100 laps around his garden to celebrate Captain Tom's life, his generosity of spirit and the hope and joy he brought to millions.

The Captain Tom 100 is taking place on what would have been his 101<sup>st</sup> birthday weekend, from Friday 30 April to Bank Holiday Monday 3 May. Everyone is invited to take on a challenge around the number 100 anytime and anywhere over Captain Tom's birthday weekend.

*Motivation Cooperation Creativity Independence Curiosity Stickability*

Tomorrow the children will take part in this worthwhile event to celebrate Captain Tom's life by undertaking a range of challenges in maths and sport with the theme of 100. These include a bean bag challenge, finding ways to make 100 across a range of mathematical challenges, finding objects that weigh 100g, searching for 100 items and undertaking ratio and area mathematical challenges based around the number 100.

If you would like to donate to Captain Tom's charity or a charity of your choice, please follow this link:
